Permits, Actual Costs, Don't Jibe!

D.A.'S OFFICE STATES CASINO CLUB FIRE WAS INCENDIARY

The fire which occurred in Arthur Christiana's Club Casino on October 10 has been proved to the satisfaction of the district attorney's office to be of incendiary origin, according to the statement of A. S. Whitmore, deputy district attorney.

Whitmore, in making the statement, said his office had as yet no proof of who had started the fire, but they were working on that angle now. The building was locked when the fire broke out, he added. He said, in checking the building for arson clues, it was very apparent to investigators that the fire had been started in two different places not in the same area of the tavern.

Owner of the building in which the fire occurred is Andrew Vireno, insurance broker, who says his building insurance for $6,000 "is not going to be enough, I know."

He stated Christiana was going to try to reopen the place and start repairs as soon as he could persuade authorities to remove the padlock on the doors.

Whitmore also revealed that the cook in the club, Bud Nicklos, allegedly said he had seen Christiana take a cash box home with him on the night of the fire.

Christiana has claimed a strong box containing $1,600 was stolen from the liquor storage room where it was hidden on the night of the fire. The cook, who lives with the Christianas at 100 Denslow drive, states Christiana had a box with him when they drove home from the club that night. However, Christiana kept two strong boxes on the premises.

TRAFFIC FINES ADD TO FUNDS

Traffic violation fines collected by City Judge William J. Sweeney for the week ending October 17 totaled $243.50. Of this, $197.50 was collected on speeding tickets, $28.50 on parking tickets, and $7.50 for failure to stop at designated points. The remaining $10 was for miscellaneous offenses.

COUNTY MOVES AGAINST FORMER D. C. RESIDENT

Mrs. LeRoy Powell, former resident of Daly City, will be asked by the District Attorney's office to reimburse the county for more than $2,000 spent in care of her children. Three are now wards of the county and a fourth recently joined the Marine Corps.

Mrs. Powell, now a resident of Santa Barbara, is reported by the probation department of that area to have over $40,000 in her name in banks there. The money is said to be from the estate of her father, who died in Chicago.

ANOTHER HONOR FALLS TO DALY CITY BAND

Daly City again won first prize in military bands. This time at the Columbus Day parade in San Francisco on October 12. This totals three first prizes for the season; one at the St. Patrick's Day celebrations, and another at the Centennial Celebration in Benecia, and this last had considerable competition.

The band will also appear at the big annual Navy Day celebration at Hunters Point on October 26. Bandmaster George Brenner will present his new march, "Iowa the Majestic," written especially for and dedicated to the USS Iowa.

A number of high ranking Naval officers will be present when the band plays this new number before the reviewing stand.

Jefferson Union PTA Board Meet

The next meeting of the executive board of Jefferson Union High School P.T.A. will be held at the home of Mrs. Stanford Hannah, 28 Cavour street, on Thursday, November 6, at 12 o'clock, with Mrs. Ann Ingersoll and Mrs. Lily Cavagnaro, cohostesses.

COLMA WOMAN SHOOTS HUSBAND AFTER QUARREL

Edward Martinelli, 46, of Colma, is dead with a bullet in his temple and Margaret Martinelli, 41, his widow, is in the county jail facing a murder charge as the result of a family quarrel which ended in her shooting him with a .22 calibre rifle.

The shooting climaxed a night-long argument over Martinelli's alleged attentions to another woman.

Mrs. Martinelli, who had been under a doctor's care for some time, was taken first to San Mateo Community hospital and later jailed after she was adjudged to be of good mental health. County authorities stated she was having "menopause trouble."

After the shooting which took place at five in the morning, Mrs. Martinelli called her brother, Thomas Haverty, 17 Paradise street, who in turn notified Daly City police when he realized what had happened.

Local officers discovered Martinelli dead in bed in a room which also contained a small child sound asleep. Two other children were asleep in the next room. Their father is the widowed brother of Martinelli who lived with the family.

Mrs. Martinelli was found in the home of a neighbor in a highly nervous state, and removed from there by sheriff's office men in whose territory the killing had taken place.

In her statement she revealed that after her husband's return home at about eleven that evening they recommenced a long standing discussion of his supposed infidelities. He fell asleep at midnight and woke occasionally to continue the argument.

After lying awake most of the night, she again started arguing with him at dawn. When told to go to sleep, she went to a closet and took the rifle firing two shots into Martinelli as he lay in bed. The first missed, but the second was the fatal bullet.

Child of the Martinellis, Seaman Edward Martinelli jr., 21, is stationed in Honolulu with the U. S. Navy.

BUILDING PERMITS FOR 21 NEW HOMES ISSUED RECENTLY

Local Police Capture Men Wanted in S. F.

Local police last Friday intercepted and held three men who allegedly have been stealing new lumber from San Francisco yards and selling it to Peninsula residents.

The men, Wehrle Peppers, West Hollingworth and Otis Warren were turned over to San Francisco police and charged with suspicion of grand theft.

The story of their capture dates back to October 10 when local police discovered a load of new lumber had been dumped on Castle street off Hillside boulevard, just outside of incorporated territory.

A description of the truck and men who had unloaded the lumber was obtained from residents of the area and police and city officials were on the lookout for three negroes in a red, flat bed, White truck.

On Friday morning Councilman Anthony Gaggero called police from his office when he saw a vehicle answering that description headed north on Mission street.

Motorcycle Policemen H. Sunderman and E. Beecher, in a quick action, intercepted the truck which was loaded with new lumber, and booked the occupants en route to San Francisco.

Peppers, driver of the vehicle, told police he had purchased the lumber from one Herbert Mitchum for $200, but had not yet paid for it. He said he knew nothing more about Mitchum.

He stated he and his helpers had driven to Palo Alto to sell the lumber to a prospective customer, but had not been able to contact the buyer.

Inspectors Catrell and Hayes of San Francisco police burgulary detail revealed that the men and Herbert Mitchum and Alfred Godsey, whom they called the "contact men" had been in similar trouble before. They also stated Service Lumber Company of San Francisco had identified the lumber as belonging to them.

Action Needed To Force Actual Bldg. Cost On Permits

Permits for 21 new houses and one store have been issued in the past two weeks in Daly City, according to the reports of Arthur J. Bodien, building inspector.

Loretz & Suling, San Francisco firm, is erecting nine five-room houses at an estimated cost of $45,000, an average of only $5,000 per dwelling. They are to be constructed in the School House Extension Land Association subdivision.

Dan A. Dolan, local building supply merchant, applied to build seven five-room houses in Vista Grande Tract. Dolan estimates the cost of each house at $4,000. He is also building a store on a 49x100 foot lot in the Metropolis Tract for an estimated $18,000.

Brenden Murphy was granted a permit to build a $7,000 five-room home in Mission Street Land Subdivision. A four-room house is being built in West End Resubdivision by Dan J. Colino for $5,000.

State Building Corporation is building a five-room house for $7,500 in Crocker Tract, and United Construction Co. is building two $4,500 five-room houses, also in Crocker Tract.

The City Council last week moved to put a stop to the low and, in the face of present day construction rates, seemingly euphemistic estimates on cost of construction given on building applications. It is these estimates which determine the amount the city can collect on the permit.

A new amendment to the ordinance governing the cost of building permits was introduced at the last council session and is expected to be published as an ordinance following the meeting of the Council next Monday night.

According to reports from Arthur Bodien and Mayor Battye, the new rates will be based on the prevailing costs of building and may range from $7 to $8 per square foot.

City Building Inspector Bodien will decide the amount rather than accepting a contractor's figure.

CITY-WIDE PARTIES SCHEDULED FOR HALLOWE'EN

City-wide Hallowe'en parties are scheduled for Friday, October 31, from 7:30 to 9:30 p. m. Daly City young people are having at least some of their time scheduled for them on the witching eve in a project sponsored by the Recreation Department and school PTA groups.

Backers are the city recreation department, Colma, Crocker-Pershing, Jefferson Union High school and Woodrow Wilson PTAs and Our Lady of Perpetual Help Mothers' Club.

Parties will be held for teenagers in the Recreation hall on Bellevue; for youngsters from Crocker and General Pershing school areas in General Pershing school or the old No. 4 Firehouse on Peoria street; students from the Our Lady of Perpetual Help area will be entertained in that school's assembly hall.

Party for young people from Jefferson Elementary and Thornton school districts will be in Jefferson Union High School cafeteria; and the party for children from Woodrow Wilson school area will be either in Jefferson Union High School cafeteria or the Our Lady of Perpetual Help School assembly hall.

Free refreshments will be served at all parties. The programs will consist of costume parades, Hallowe'en stunts and games and amateur contests.

First, second and third prizes will be given for costumes — best looking, funniest and most original will be judged in three age groups; five years and under, six to ten years and eleven years and over.

Other prizes will be awarded to winners of stunt and game contests and to amateur contest winners.

The PTAs are taking charge of decorations and serving of refreshments. Recreation playground directors are in charge of the programs at the parties. Refreshments, prizes and decorations are being provided by Daly City Recreation Department.

PTA women in charge in each center are: Mrs. W. E. Hobbs, Jefferson Union High School PTA president; Mrs. M. E. Nenstiel, General Pershing School party; Mrs. Isabella Liberti, Our Lady of Perpetual Help; Mrs. Edna Mullen, Old No. 4 Firehouse. These ladies will be assisted by other members of their respective PTAs.

Two New Buildings Are Planned For Jefferson High

Plans for the two new shop buildings contemplated by the Jefferson Union High school have been given a final approval by the state authorities. The board of trustees is now advertising for bids, which will be opened at a board meeting at 7:30 p. m. Tuesday, November 25.

The buildings are each forty-five by ninety feet in size. Reinforced concrete walls and steel beams assure the required strength for school purposes. Adequate lighting is provided by windows and sky-lights.

It is planned to use one building for a metal shop and the other for a general wood shop. A considerable portion of the machinery and tools needed for the new shops has been obtained through the "donation program" of the War Surplus Agency.

School authorities hope to have the buildings completed by the close of the school year or at the latest during the summer so classes may be scheduled in the new structure next fall.

At present the local high school has inadequate facilities for shop courses. The new buildings will relieve this situation and improve the opportunities for pre-vocational training.

HERE WE GO!

Taxes, taxes, taxes — where is it going to end? One half of one per cent isn't a great deal, but it is just one more straw on the proverbial camel's back.

According to a recent announcement San Mateo county supervisors are definitely considering (that is if the various cities in the county will agree) to go all out for a ½ of 1% sales tax to boost the incomes of county and city governments.

They claim it is necessary in order to run the city and county governments efficiently and, probably, effortlessly. Well now, let's see!

Is that the answer to the problem? I would say No! For far too many years both city and county governments have cried for more and more revenue out of the pockets of their employers, the taxpayers. What they really need is businesslike administration.

If they can't make ends meet with the present enormous tax monies at their disposal how long will a measly ½ of 1% sales tax keep them out of the red, so to speak.

That would be only a beginning. Let's start putting the damper on such proposals, now! The next time it might be even 5%.

LAW ENFORCEMENT

"The biggest obstacle in the pathway to the furtherance of law enforcement as a profession is the apathy and callousness of the people we serve."

So declared J. Edgar Hoover, head of the FBI in a recent talk before the FBI National Academy in Washington, D. C.

"What law enforcement needs more than anything else," he continued, "is an aroused public opinion that will demand and support vigorous and honest efforts upon the part of all its public servants. We know from experience that there are few communities in the land where law enforcement could not make a clean sweep of vice, gambling, roving sex offenders and other violators within a matter of hours if the forces of law were supported and upheld by the citizens."

Mr. Hoover went on to point out that the recently assassinated Bugsy Siegel "whose life was a constant challenge to common decency," and his criminal associates "were lionized and their favors sought after in so-called respectable social circles."

What the FBI chief has said should serve to bring home to every citizen the realization that law enforcement does not rest solely with the police, but is everybody's job. And it's up to every decent citizen to be on the job.

ONE-THIRD RULE

If a law could be passed, and were passed, putting the entire control of government — national, state and local — in the hands of but one-third of the people we can be sure all citizens would be up in arms over night. And they should be.

We would not think of permitting a minority to elect our officials, make our laws, and decide vital issues. No, indeed! Ours is a government controlled by the majority of all the people.

Well, anyway, that's the theory of our government. But it isn't the fact. There is no need to pass a law giving control to one-third of the people. One-third or less do the controlling now. How come? Simply because only half the citizens eligible to vote turn out at the average election. In some instances there are a few more, in others a lot less.

Even when 60 per cent of the voters cast their ballots—and 60 per cent is more the exception than the rule — it takes but slightly more than 30 per cent of all the eligible voters to swing the election.

Isn't it about time that we got rid of minority rule? The only way this will ever be done is for YOU to vote in the next election and every election thereafter. Don't be a citizen in name only.

THE BOYS COME HOME

Tens of thousands of American boys are coming home from the war. But they are not coming home in the way they hoped and dreamed they would. There are no screaming sirens, no shrieking whistles, no deep-throated roar from the crowds.

The crowds are there but they are silent — silent as the boys who have come back. Loved ones watch through tear-filled eyes. The sorrow of war is felt keenly once again. But there is a satisfaction in having the mortal remains of brothers, sons and husbands back on American soil.

America pays tribute to these fallen heroes. Impressive services are held. Eulogies eloquent and simple are spoken. Heads bow in reverent remembrance of these fine men who died in war that others might live in peace.

All this is very fitting. But let us not forget that ceremonies and words do not pay the debt we owe them. Nor do they pay any part of the debt. We can square our accounts with them in some degree only through our actions, through striving untiringly to preserve the ideals of liberty and justice for which they fought, through providing adequate help for their widows and children, through giving their hospitalized buddies the care and friendly attention they need.

The boys are coming home. Their task is done. Ours is just beginning. Let us not fail them.

TELEVISION

It can hardly be said that television is sweeping the country the way radio did a quarter of a century ago. But it may be that it is sneaking up on us. At present there are only eight cities in the United States which have television stations. The number, however, will soon be increased to 40. Production of television sets so far this year is about 70,000, and that compares with 16,000 manufactured in all past years. One of the big drawbacks with television is that its range is limited to the area immediately surrounding the broadcasting station. National hookups such as are common in radio are not yet possible with the visible broadcasts. Of the approximately 62,000 receiving sets now in use New York City has two-thirds of them. Los Angeles has 3,000. One thing most of us are waiting for is to find out through television what makes some comedians funny—to the studio audience.

NEWS FROM THE SCHOOLS

JEFFERSON

The annual Junior Red Cross membership drive was an event of the week. It came to a successful conclusion with $29.70 being turned in to the fund. All classes participated, but it was the kindergarten that won the distinction of being "tops," their class contributing the largest single amount in the school, $6.06.

* * *

Upper grade students of Jefferson School were indebted recently to the always friendly and cooperative members of our Daly City Fire Department. Chief Kennedy, Battalion Chief Bennassini and Captain Joyce brought a sound motion picture to the school, showing the causes and hazards of fires in homes, emphasizing the results of carelessness and pointing out safety and preventative measures. The picture, in conjunction with an enthusiastic talk by Chief Kennedy and questionnaires on fire prevention distributed to the children, did much to awaken a consciousness of the ever present danger where carelessness exists. The fire drills given in the school periodically by the Daly City Fire Department, in addition to those given by the school as part of a regular safety program, keep the children alert to the need for safety from the menace of fire.

* * *

Belief in the old adage, "Man's home is his castle," was the stimulus which prompted fifth and sixth graders to collect colorful pictures for their classroom. In need of suitable pictures pertaining to the social studies unit, "Story of the Sea," the members of the class got together on the project and in record time brought in an unusual collection of pictures of ships. Having been responsible for their room decoration, it is with a sense of pride that they call attention to their collection.

During a class discussion on the subject of hobbies in the fifth and sixth grade room, John Dennis volunteered to bring to class an outgrowth of his hobby. Trucks being his main interest, he finds an outlet for the expression of his hobby by sketching them. At least fifty drawings of the many different types of trucks on the road are at present in his collection. With serious intent and pride in his drawings, he presented them and fully explained each detail of his hobby and answered all questions to the satisfaction of his classmates.

* * *

Edna Mae Mattes, who moved from California to Colorado where she was enrolled in the Bayfield school, has just returned and rejoined her classmates at Jefferson, with whom she had originally started kindergarten. She is in Room 7, which is a combination high fourth and low fifth grade.

WOODROW WILSON

The children of the seventh grade in their unit, Travel by Air, are studying the layers of air which surround the earth. These layers are the troposphere, the stratosphere and the ionosphere. The greatest interest is in that unknown area the ionosphere. This region is favorable to radio reception, and the last year's Army "reach" to the moon, has given us new conceptions and ideas of this untraveled area.

Students of low seventh and high sixth grades are studying the settlements founded in the New World by the Spanish and Portuguese. They are locating the oldest cities settled by these countries on outline maps.

In the study of the unit on transportation last week students learned about the means of carrying goods over water which was used by the Vikings. A Viking ship was colored and a description of the ship was written. These fearless men sailed over the north Atlantic ocean in small open boats. There is a map showing the route taken by Leif Erickson, who was really the man who discovered America.

Pupils in high third and low fouth grades have been learning how rubber helped fight in World War II and why America should grow its own rubber. Students in high fourth are learning about the travel, trade and harbors of the Indians of past eras.

The low third grade has learned much about the animals of primitive periods. They are going to begin an animal book containing the animals of today which had ancestors in the new and old stone age.

CROCKER

For the unit Travel by Air the students of low eighth grade are working on individual projects such as scrap books of aviation news, famous aviators and the history of aviation.

Henrietta Myers has transferred from Crocker low seventh class to Kelsey, California.

Pupils are starting their work on Mexico as part of their unit, The Americas.

Pupils of low and high seventh grade had as a guest, Diane Adams, student at McKinley school.

Last Sunday Louis Cortopassi of the high seventh class visited friends in San Jose.

John Pettigrew is a new member of the fifth grade.

Grace Church Women Plan Council

The women of Grace Presbyterian church are meeting in the church today (Friday) at 1:30 p. m. to consider organizing a Women's Council and appoint a nominating committee for the election of officers.

Chairmen of the respective circles: Mesdames George E. Archer, H. G. King, H. Adimi, Floyd Harris, Walter Kesler and A. C. Rich, with the members of their groups will also discuss further plans for the forthcoming bazaar in Masonic hall on Hillcrest drive on November 14. Proceeds will go to the new Grace Presbyterian church.

Daly City Woman Pleads Guilty In Burlingame Court

After a tearful change of plea to guilty, in Burlingame city court last Tuesday, Rachel Modestty, 28, Daly City waitress, was given a suspended 60 day sentence for being in the company of two male shoplifters charged with stealing a suit of clothes from a Broadway men's store.

The two men, Pedro Perez and Octavio Barnett, who had records as shoplifters, were sentenced to six months in jail by Judge J. A. Branson.

HOLD SURPRISE BIRTHDAY PARTY

Mr. and Mrs. Harold Udby, of 48 Alexander avenue, are giving a surprise dinner party tonight (Friday) for their son Gail Harold to celebrate his 21st birthday. The dinner is for 12, and 30 guests are expected later in the evening.

Gail attends Gompers Trade school where he studies photography, and works part-time for an automobile sales concern in San Francisco.

Mother-in-Law Tongue

The merit of both the Sansevieria, known also as bowstring hemp or mother-in-law's tongue, and the Aspidistra, called cast-iron plant, lies in their withstanding adverse conditions, but they are not among the best house plants.

CUB PACK NOTES

The regular meeting of Pack 36, B.S.A., was held last Tuesday evening at St. Francis Community church with Jerry Wacks, Dick Hiett, Don Williams, Carl and Bert White, Dick Hopman and George Spoulos present from Den 16.

Plans were made for the Hallowe'en party to be held on October 28 at the church, and Cubmaster Irwin Smith announced the admission price would be ten funny books to be sent to a local orphanage.

Awards were presented to: Jerry Wacks, chief denner stripe; Don Williams, assistant denner stripe; Carl White and Dick Hiett, wolf silver award, and Bert White received his Cub card.

The next meeting of Den 16 will be held this afternoon (Friday) at the home of Mrs. Ted Hopman, 27 Gambetta street.

Dottie Byrne New Record Rack Manager

Dottie Byrne will take over management of the Record Rack, 6264 Mission street, beginning October 25. She is a graduate of Jefferson Union High school and has worked for United Airlines for the past 15 months.

Order To Show Cause

No. 44140, Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Application of DONALD E. REISS and GILBERT A. REISS; for Change of Name to DONALD E. REESE and GILBERT A. REESE

Whereas, DONALD E. REISS and GILBERT A. REISS have filed their petition with the Clerk of this Court for permission to change their said names to DONALD E. REESE and GILBERT A. REESE:

NOW, THEREFORE, it is hereby ordered that all persons interested in the aforesaid matter be and appear at Department Number One of the said Superior Court in the Court House, in the City of Redwood, County of San Mateo, State of California, on the 27th day of October, 1947, at the hour of 10:00 o'clock in the forenoon of said day, then and there to show cause, if any they have, why said petition for change of name should not be granted.

It is further ordered that a copy of this order to show cause be published in Daly City Record, a newspaper of general circulation published in said County of San Mateo, for four successive weeks next preceding the date set for the hearing thereof.

Dated: September 25, 1947.

ANDREW R. SCHOTTKY
Judge of said Superior Court

SUMMONS

No. 43855

Action brought in the Superior Court of the State of California in and for the County of San Mateo, and the Complaint filed in the office of the County Clerk of said County and State

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO

O. C. BURKHART and GERTRUDE N. BURKHART, his wife Plaintiffs, vs. ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, FIRST DOE, SECOND DOE and THIRD DOE, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

ETHEL B. SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, First Doe, Second Doe and Third Doe, also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, DEFENDANTS.

YOU ARE HEREBY DIRECTED to appear and answer the Complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after service on you of this Summons — if served within this County; or within thirty days if served elsewhere.

That said action is brought to obtain a judgment and decree quieting Plaintiffs' title to the following described real property, situated in the County of San Mateo, State of California, and to determine all adverse claims thereon, and particularly described as follows, to wit:

Lots 22, 23 and 24 in Block 32 and Lots 28, 29 and 30 in Block 31, as designated on the map entitled "AMENDED AND SUPPLEMENTAL MAP OF MONTARA SAN MATEO COUNTY CAL.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 16, 1907 in Book 5 of Maps at page 25.

also for general relief, as will fully appear in the Complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiffs will apply to the Court for the relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court at the County of San Mateo, State of California, this 14th day of August, A. D., 1947.

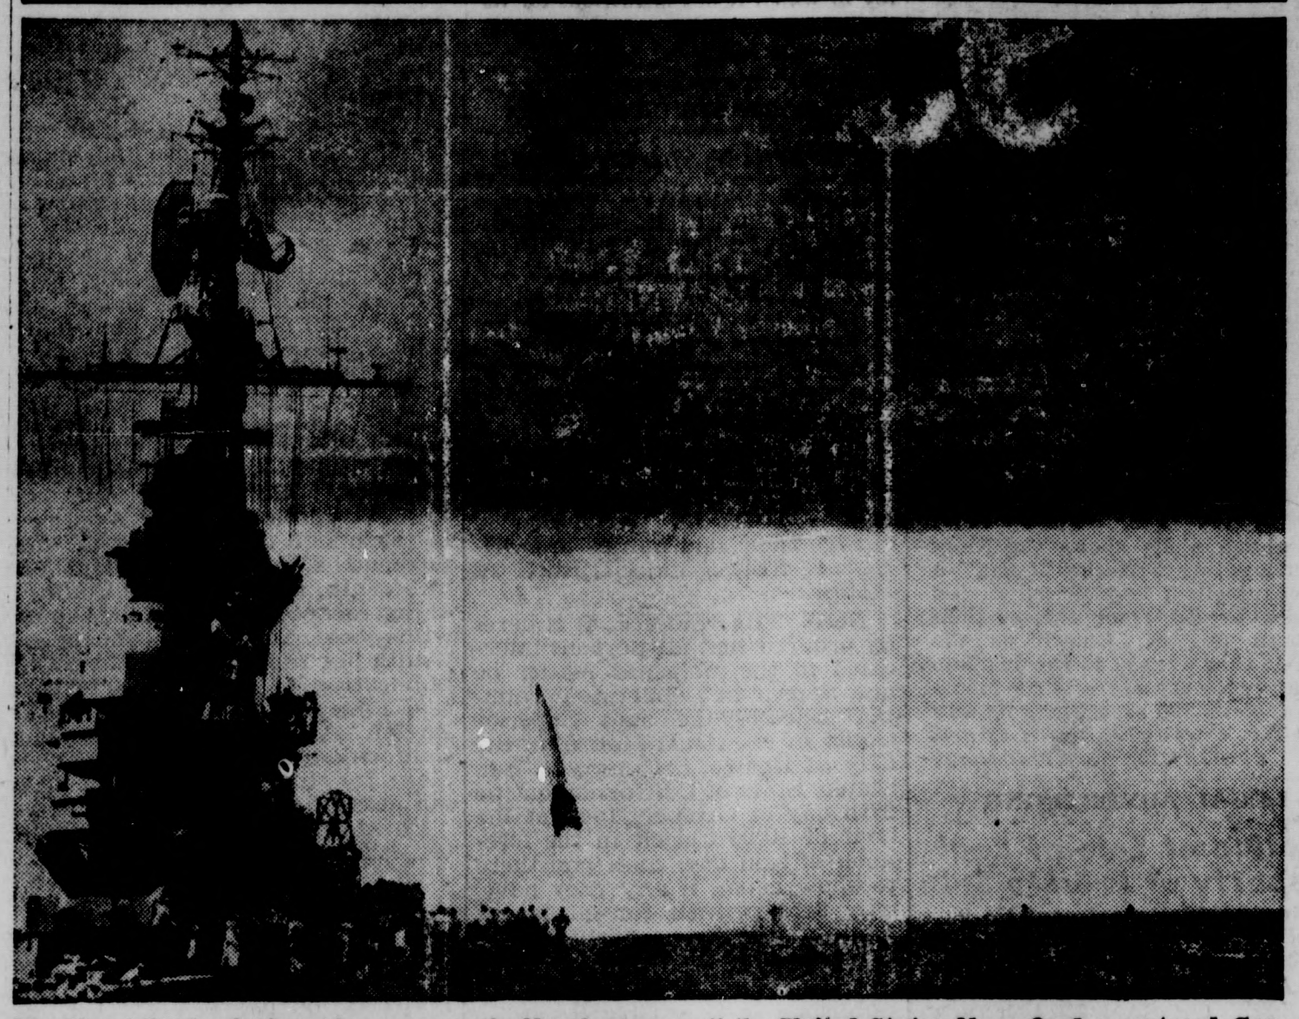
ROCKET LAUNCHING MARKS NEW ERA IN NAVAL WEAPONS



Marking "the beginning of a new era in Naval weapons," the United States Navy fired a captured German V-2 rocket from the flight deck of the 45,000 ton aircraft carrier USS Midway on September 6, 1947. This was the first time in history such a bombardment rocket has been launched from ships or a moving platform. The primary purpose of the experiment, held at sea several hundred miles off the East Coast of the United States, was to ascertain if large bombardment rockets could be fired off modern aircraft carriers without modifications affecting flight operations. The rocket traveled six miles and exploded.
(Official U. S. Navy Photograph)

Preparations For Grand National Being Completed

Preparations for the Grand National Livestock Exposition, Horse Show and Rodeo went into the home stretch today and San Francisco's huge Cow Palace roared with activity as hundreds of tasks were rushed to completion for the opening on November 1.

The Grand National, combination of multi-million dollar parade of livestock, 1947 world's championship finals of the International Rodeo Association, glittering society horse show and famous circus and tanbark acts, opens with a family matinee at bargain prices Saturday, November 1, and closes with the evening performance November 9.

Hundreds of building trades workers were making herculean efforts to complete three new barns to house the record entry list of livestock.

Bull, bronc and calf chutes were being strengthened in preparation for the first "world series" of the great western rodeo sport ever seen in California.

Box stalls were being refurbished for the aristocrats of the horse world entered by their social registerite owners in the national horse show.

Quarters were being prepared for the famous circus and tanbark acts which will intersperse the rodeo and horse show events.

Meanwhile this year's dedication of the two Saturday matinees on November 1 and 8 to families with children, with prices reduced accoringly, is meeting with wide acclamation by juniors and parents alike.

While the huge capacity of the Cow Palace is ample to provide seats for all, downtown ticket agencies in San Francisco and Oakland are reporting a heavy demand for the Sunday matinees as well as the two family matinees, and for the nine evening performances.

Smooth Bromegrass

Smooth bromegrass is useful in combination with alfalfa or clover as pasture or hay. On rotation land this bromegrass-legume combination must be plowed down for row crops while still highly productive. Otherwise bromegrass may use all available nitrogen. Bromegrass is palatable, leafy. drouth resistant, a good sod-former and gives high forage yields.

Patent Leather Shoes

Patent leather shoes should not be worn in very cold weather because it makes them brittle.

Nurses Schedule Convention

Better distribution of available nursing service, economic security for nurses and provision for nursing care in all plans for prepayment of medical care are among major items on the agenda of the annual convention of the California State Nurses Association in Fresno October 23 to 26.

Edna A. Russell, R. N. president, and 18 members of S. F. County Nurses' Association will represent nurses of C.S.N.A. at the convention as delegates from District No. 9, which comprises San Francisco county.

Protects Potatoes

DDT kills all insects that infest potatoes, including the potato aphid, leaf hopper, flea beetles and potato beetle. It may be mixed with a fungicide to give complete protection with one application.

Braking Efficiency

Immediate inspection and adjustment of the brakes on your car when they are not properly equalized is advised by the California State Automobile Association. Braking efficiency is reduced by worn or damaged parts, which should be replaced.

JOB'S DAUGHTERS TO ENTERTAIN

Bethel No. 26, International Order of Job's Daughters, will hold its "Visiting Bethels Night" tomorrow night (Friday) at 8 p. m. in the Mission Masonic temple, 2668 Mission street. Miss Betty Barner, honored queen, will preside. A program is planned and refreshments will be served.

Balanced Tires

When new tires are installed on your car, the tires and wheels should be balanced on a wheel balancing machine, advises the California State Automobile Association. This will assure maximum service from the tires and prevent shimmy or excessive vibration.

"Call Me Mister" New Curran Show

When "Call Me Mister" exploded on the stage of the Curran Theatre, San Francisco, Monday, October 20, Melvyn Douglas and Herman Levin quietly slipped into the niche reserved for immortals in Broadway's Hall of Fame. For the American Theatre has its own accolade for those producers — shrewd and lucky enough to produce a musical comedy strong enough to warrant sending out a duplicate company on tour.

An indication of the odds involved in winning in this roulette game is shown by the fact that during the last twenty years only "Oklahoma" was deemed worthy enough to merit a sister company.

When "Call Me Mister" danced its way into Times Square Theatre, the critics and theatregoers threw adjectives around in a manner reminiscent of a master of awarding Oscars at Hollywood's annual peace conference, at the Cocoanut Grove.

From Atkinson on the New York Times to the ghost writer on Zits Weekly, a theatrical sheet — the notices were good.

They hailed Harold Rome's magnificent score — "The Red Ball Express," "Surplus Blues," "Face on the Dime," overlooking completely "South America, Take It Away," which is now selling its third millionth record — putting it in the class of "Missouri Waltz" (this season only), "Sonny Boy," "Yes, We Have No Bananas" and other hymns that make the national anthem best seller parade. The newspaper snipers discovered Artie Auerbach's rich humor, they saluted the dance routines, and the result was that "Call Me Mister" is a solid hit!

Airing Pillows

When airing pillows, do not leave them in the sun too long, for heat dries the natural oil and shortens the life of the feathers.

Notice to Contractors

(Advertisement)

1. NOTICE IS HEREBY GIVEN that the Jefferson Union High School District of Daly City, California, will receive bids for the furnishing of all labor, materials, transportation and service for the erection and construction of two shop buildings at the Jefferson Union High School site, 6996 Mission Street, Daly City 25, California.
2. Each bid to be in accordance with the plans and specifications now on file with Richard M. Bates, Jr., Architect, 44 McLea Court, San Francisco 3, California, where same may be examined and copies obtained upon deposit of $25.00 per set, which deposit will be refunded upon the return of such copies in good condition within five days after the bids are opened.
3. Each bid shall be made on a form to be obtained at the office of the architect, Richard M. Bates, Jr., 44 McLea Court, San Francisco 3, California, and must be accompanied by a certified or cashier's check or a bid bond for ten percent of the amount bid, made payable to the order of the Board of Trustees of the Jefferson Union High School District, shall be sealed and filed with the Clerk of the Board on or before the 25th day of November, 1947, at 7:30 P.M. and will be opened in public at or about 7:30 P.M. of that day in the office of the District Superintendent, 6996 Mission Street, Daly City, California.
4. The above mentioned check or bond shall be given as a guarantee that the bidder will enter into a contract if awarded the work, and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested to do so by the Board of Trustees of the Jefferson Union High School District.
5. The successful bidder will be required to furnish a labor and material bond in an amount equal to 50% of the contract price and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured from a surety company satisfactory to the Board of Trustees of the Jefferson Union High School District.
6. The successful bidder will be required to conform with the rates of per diem wages and rates for legal holidays and overtime work prevailing in San Mateo County.
7. The General Contractor and his subcontractors shall favor the employment of local labor when available.
8. All other trades not hereinabove mentioned to receive wage prescribed for that particular craft or type of workman.
9. All labor to receive time and one-half for overtime, double time on holidays, unless otherwise specified. The hourly wage prescribed hereinabove is the per diem rate divided by the aforementioned number of hours constituting a working day.
10. Any person making a bid or offer to perform the work, shall, in his bid or offer, set forth the name and the location of the mill, shop or office of each subcontractor who will perform work or labor or render service to the contractor in or about the construction of the work or improvement and the portion of the work which will be done by each subcontractor.
11. If a contractor fails to specify a subcontractor for any portion of the work to be performed under the contract, he shall be deemed to have agreed to perform such portion himself, and he shall not be permitted to subcontract that portion of the work except under conditions hereinafter set forth.
12. No contractor whose bid is accepted shall, without the consent of the awarding authority, either:
    (a) Substitute any person as subcontractor in place of the subcontractor designated in the original bid or
    (b) Permit any subcontract to be assigned or transferred or allow it to be performed by anyone other than the original subcontractor, or
    (c) Sublet or subcontract any portion of the work as to which his original bid did not designate a subcontractor.
13. Subletting or subcontracting of any portion of the work as to which no subcontractor was designated in the original bid shall only be permitted in cases of public emergency or necessity, and then only after a finding reduced to writing as a public record of the awarding authority setting forth the facts constituting such emergency or necessity.
14. The Board of Trustees of the Jefferson Union High School District reserves the right to reject any and all bids and/or waive any irregularity in any bid received. Unless otherwise required by law, no bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

Halvard Hansen Leads Fishing Trek To Martin's Resort

Halvard Hansen of the Daly City Rod and Gun Club made arrangements for his brother club members to have an enjoyable week end of fishing at Martin's Resort on steamboat slough, six miles from Rio Vista over the 19th and 20th of October. The following members participated: James Fox, Al Arnaudo, Edward Nensteil, Lee Armor, George Hopman, John Grunberg, Percy Smith, Lewis Reed, Leonard Mejia, Salvador Mejia, Joseph Kofka, George Archer, William Clarke, Ed Meierding, Harold Pearlman.

George Archer was high man for the day with a 6 7/8 pound striped bass. Al Arnaudo of Shannon's Hardware Store was second high man with his usual catch of a 14-inch and 15 1/3-inch bass. Ed Nensteil of the Daly City Hardware Store flipped a coin with Al to see who was going to bring home the fish. Ed won.

Farmers Court Death

In 1945, there were more accidental deaths of workers in agriculture than in any other industry. However, there were more deaths of farm residents from home accidents than from any other type of accident. On the farm, there were more deaths of farm residents in motor vehicle accidents than from all other types of accidents.

Controls Toy Train

There's an electronic method now for the control of toy train operations.

House Plants

All house plants prefer more atmospheric humidity than is found in most homes, and all are injured by gas fumes. Even a small leak may cause the death of some. When watering, put on enough to allow the water to come through the drainage hole in the bottom of the pot.

JEFFERSON UNION FATHERS' NIGHT BIG SUCCESS

The combined units of Jefferson Union High School district held their Father's Night meeting last Tuesday in the high school auditorium.

The presentation and salute to the flag was lead by Carole Hesselein, Joy Beecher, Helen Cooper, Jacqueline Berardy, Beverly Hamilton, Joan Jobson, Nita Emerson and Patsy Bryant, who are members of the Woodrow Wilson Girl Scouts and Brownies.

Mrs. Frances Haussler, president of Crocker PTA, read the Collect. Mrs. Eve Hobbs, president of Jefferson Union High PTA introduced the presidents of Bayshore, Brisbane, Colma, Crocker, General Pershing and Woodrow Wilson PTAs.

Stanford Hannah, superintendent of the high school gave a short speech of welcome, and Mrs. Hobbs introduced Mrs. Mae Eder, counselor for this district, and Mrs. Mildred McGeein, vice president of the high school PTA and program chairman.

The high school boys and girls chorus sang three selections. Woodrow Wilson PTA, represented by Mrs. Ellen Stone's dancing class, performed, with Esther Young at the piano. Ted Freeland played a piano solo, and Leonard Mullen an accordion solo. Both are members of Crocker school.

Mrs. Carol Freeland of General Pershing PTA sang, accompanied by Mrs. Adalia De Bautista. Donald Perschal and Sally Sue Engels portrayed the characters in the song, "Tying Apples on the Lilac Tree." Nancy Pera of Colma, accompanied by Velma Pera, sang two numbers.

Ronnie Stevenson and Marta Jane Sands, both of Bayshore, presented a piano solo and an xylophone solo, respectively. Barbara Mack of Brisbane did two dance numbers. She was accompanied by Esther Young.

John Mongan, dean of boys at Jefferson Union, speaker of the evening, talked on "Your Children's Problems."

At the close of the program refreshments were served in the school cafeteria. Officers of the high school PTA surprised Mrs. Hobbs with a birthday cake made by Mrs. Ann Eason.

LIONS HAVE TWO GUEST SPEAKERS

Monta Wilson, director of Sea Scouting, and Lewis Saylor, field executive of Boy Scouts of America, spoke before local Lions at their meeting held October 22.

Christiansen, Picerno Nuptials Are Held Sunday

A double ring ceremony on Sunday, October 19 held at Old St. Mary's church in San Francisco united in marriage Miss Virginia Lorraine Christiansen and Frank Joseph Picerno. The 4:30 o'clock ceremony was performed by Father Forrester, C SP.

The bride, given in marriage by her father John Christiansen, wore the traditional white satin. Virginia's gown was fashioned with a chiffon and lace trimmed neckline, a bustle, and long sleeves. Her finger-tip veil was held in place with an orange blossom crown. Nine white orchids and bouvardia made up her bouquet.

Matron of honor Mrs. Dorothy Piazza donned a chartreuse moire taffeta dress, carried an orchid colored satin muff trimmed with orchid carnations, and wore a crown of matching flowers in her hair. Similarly dressed were the two bridesmaids Irene Picerno and June Bostwick. They were gowned in orchid dresses and carried muffs of chartreuse carnations. Their headpieces were of chartreuse carnations also.

Flower girl Janice Darragh was dressed in a white marquisette dress over taffeta and carried a white basket filled with baby roses.

Bestman duties were performed by John Christiansen, brother of the bride. Ushers were Louis Bostwick and Louis Grossman.

Virginia is the daughter of Mr. and Mrs. John C. Christiansen sr., 199 Frankfort street. Frank is the son of Mr. and Mrs. Frank Joseph Picerno, 650 Naples street, San Francisco.

A reception for 150 guests was held in the Pennsylvania room at Simpson's where the couple cut their 3-tier wedding cake. Music was furnished by Phil Shapiro and orchestra.

Virginia was graduated from St. Vincent's academy. Frank was graduated from Balboa and served 3 years overseas with the Navy.

Following a two weeks honeymoon down South they will return to their new home in Brentwood.

If you want to remodel that spare room or build a new home, we'll help you with sound advice . . . and we'll supply you with the finest materials. . . . Call on us for all types of repair work and alterations.

WOODROW WILSON PTA MEETING NOTES

A special business meeting for Woodrow Wilson PTA was held last Tuesday. Mrs. Ruth Emerson and Mrs. Virginia Hunter announced the Magazine Whist party will be held November 13 at 1:30 p. m. at 19 Guadalupe avenue.

Mrs. Frieda Cady, Mrs. Gretchen Olsen, Mrs. Marge Ochander and Mrs. Ruth North volunteered to assist the hostess.

Mrs. Marie Miller, president, Mrs. Frieda Cady and Mrs. Lillian Toomey attended the 17th district meeting at Half Moon Bay High School on October 16.

Juvenuile delinquency problems are being discussed each Wednesday at 1 p. m. in the home of Mrs. Jerry Riett, 57 Muirwood drive. All interested persons are invited to attend.

Mrs. Marie Miller passed out ballots concerning military training and Mrs. Catherine Duffy, corresponding secretary will mail blanks to non-present members.

BALL GAMES THIS SUNDAY

Ball games to be played in Marchbank Park on Sunday in addition to the Daly City Ball Club which meets the Ahepans at 2 p. m. include a 10 a. m. independent game between a Daly City team and Edwards Grill and a noon time game in the AA American League between Fosters and I. A. M. No. 68.

DA's Office Reorganized

District Attorney Gilbert D. Ferrel has announced a program of reorganization in his office which includes the appointment of John K. Weeks into his office as chief criminal deputy.

Present chief deputy, A. S. Whitmore, will be shifted to the civil section because of his extensive experience in civil cases. The change becomes official on December 1.

New County Health Official Candidates Named

Rumors are flying about the man who will take over the duties of Dr. Charles C. Gans, San Mateo county health and welfare, who is retiring from office in a few months.

In addition to the mention of Dr. J. C. Geiger, San Francisco health director, who has expressed his interest in such an appointment, there is Dr. W. C. Van Deventer, superintendent of Hassler Health Farm, San Francisco's tuberculosis institution, who is a possible prospect for the job.

County Executive Frederick Peterson has denied that any direct offers have been made to anyone in connection with taking over the post. He said he would follow any recommendation the county health board makes. That appointment must, in turn, be ratified by the board of supervisors.

Surprise Shower Given Wednesday For Evelyn Luiz

Miss Evelyn Luiz, fiancee of John Mosman, Daly City, was given a surprise lingerie shower Wednesday evening, October 15, at the Mosman residence, 232 Hillcrest drive. The couple will be married on Saturday evening, November 1, at Our Lady of Perpetual Help church at 7 o'clock.

Hostess for the evening was Miss Marilyn Mosman. Those in attendance were Mesdames Barbara Galindo, Virginia Freeman, Lois Capps, and Evelyn Mosman. Misses Nadine McDonnell, Doris Vernengo.

County Ambulance Badly Wrecked

In a three-way accident last week, San Mateo county's brand-new ambulance had its front and right side almost demolished. Three men were injured.

The ambulance was speeding to Redwood City on an emergency call. As it approached Ralston avenue, Belmont, on El Camino Real, Frank G. Hartman, Belmont, started a left turn onto the highway.

His car struck the right side of the ambulance, throwing it out of control into the third lane. The ambulance skidded 72 feet and hit Sattler's car head on. Almost immediately a car driven by Carlisle Smith of San Carlos hit the rear of the ambulance.

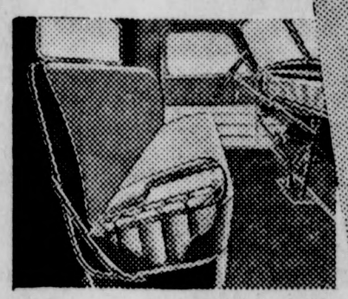
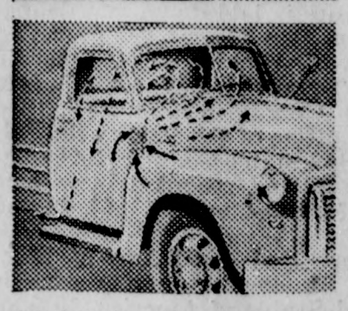
OUT AHEAD IN New Cab Comfort

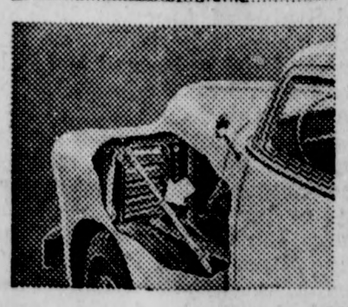


Better Looking...Better Riding
Better Built and A Better Buy



Above—Grilles are protected and reinforced by bars of heavy bumper stock. They are frame-mounted and angle-braced.

Center—Seats are adjustable 3⅜ inches. Thick upholstery and 73 individually-wrapped springs assure extra comfort and long wear.



Below—Cabs are ventilated by a circulating fresh air system equal to the finest cars. Forced air heating and defrosting are also available.

New light and medium duty GMCs lead the field with a long list of outstanding comfort features.

For roominess, there's more leg room, hip room and elbow room. For riding comfort, there's the 3-point cab mounting with rubber stabilizers . . . adjustable seat with nearly double the number of springs...scientific insulation and soundproofing. For visibility, there's 22% more area in windshield and windows. For ventilation, there's a revolutionary fresh air circulation system.

Add to all these comfort features the distinctively styled, rugged new front end design . . . warproved and improved engines . . . stronger and sturdier chassis . . . and you'll appreciate why the new GMC is truly The Truck of Extra Value.

Local Hobbyist Remains Hunter Despite Trials

A life-time hobby is just what Harold C. Miller, Daly City general contractor, has. Miller is a nimrod, an habitual hunter, a man who, since he has been big enough to pack a gun, has never missed a deer or duck or pheasant season.

He started out with his daddy when he was only five years old, and shows signs of continuing his hunting until some cruel fate renders it impossible.

The last junket took place the other week when Miller and two friends from Guerneville went into the woods at Devils Gardens, 60 miles north of Alturas.

Start of the trip was not too auspicious. At one in the morning they were trying to drive in to the Four Mile Reservoir area in a blinding rain. The roads were nothing but slippery mud, and the chains weren't on. They had to remedy that, however, and climb out into the cold downpour to put the chains on. It took about an hour, and must have made a pathetic picture.

Finally, at four in the morning, they reached the camp site. It was still dark so they slept in the car till dawn when they were able to pitch camp. Then the hunting began.

Miller and one Glen Wasson started out hiking — still in the rain. Some time during the day Miller got a four-point buck weighing close to 200 pounds. He skinned it and hung it in a tree, and they started off in the "general direction" of camp.

That is, they started off in the direction they thought camp might be. The terrain was new to them and somehow camp was nowhere to be found. It was still raining so they hiked eagerly about looking for camp some more. The sad truth is that eventually they slept out all night.

Miller built a fire by using pitch. About dawn he must have been a little chilled, for in his sleep he rolled into the fire almost destroying his coat. If we count correctly, that brings the general number of mishaps up to three.

But that's not all. Real tragedy of the trip occurred when they went out to pick up Miller's deer. Some "sportsman" had stolen it. They found the place it had been hanging, but no trace of the animal.

In addition to the grief felt at the theft of the trophy, another facet of the incident was the hole torn in the oil pan as they went for the carcass. All the oil drained out and the company was stranded.

Evidently nothing daunts huntsmen. They dug a pit, put the car over it, removed the pan, preened it, put it over a stove, and soldered it with equipment found in the gun repair kit. After bumming five quarts of oil, they were once more mobile.

No one wanted to go home. It wasn't until they had been out seven days and had two more deer, and one coyote to their credit that they started back. Miller says he killed the coyote just for practice when he jumped it while coming up a rimrock.

Nothing, as we have said, daunts a huntsman. He was talking about going duck and pheasant hunting this week end, and there was a gleam in his eyes.

Mrs. Porter Feted By RNA Chapter

Mrs. Barbara Porter was guest of honor at the October meeting of the Royal Neighbors of America Sewing Club, which was held October 14 in the home of Mrs. Nellie Allen, 167 Peoria street. The club presented Mrs. Porter a baby push cart.

After a short business session the members played Dutch whist. Refreshments of salad, cake and coffee were served. Mrs. Allen was assisted in entertaining by her daughters, Miss Geraldine Allen and Mrs. Lois Storm.

In addition to the hostesses, those present were Madames Laurette Bertelli, Lillian Thomey, Rhoda Rachor, Pat Severietti, Florence Waligora, Marie Thompson, Helen Specht, Marie Ruecker, Agnes Wood, Cora Ray, Elizabeth Sorensen, Faye Nielsen, Annie Smith, Mae Miller, Emily Twesten, Johanna Hedvall, Grace Coolish, Margaret Heaton, Marie Currey, and Laura McKenzie.

Bernardis Return From Abroad

Mr. and Mrs. John Bernardi, formerly of 333 Peoria street, returned this week from a three-month trip through Europe where they spent time in France, Italy and Switzerland.

They flew back to the United States with Mrs. Bernardi's mother, Mrs. Maddelena Motta, 73, who was living in Switzerland. She will make her home here.

The Bernardis and Mrs. Motta are living now with Mr. and Mrs. Fred Marsh. Mrs. Marsh is the daughter of the Bernardis. They will be "At Home" to any of their friends who would like to call.

Report on conditions in Italy and France is very gloomy according to the travelers. Food is available in Italy because of black marketing, they say. France seems to be without food at any price.

New Arrivals

To the wife of Jack Bertram, 155 Park View avenue, on October 9, a son.

To the wife of Wayne F. Hamilton, 675 Evergreen avenue, on October 3, a son.

To the wife of Glenn E. South jr., 191 Acton street, on October 1, a son.

To the wife of Richard E. Vaznaugh, 3284 San Jose avenue, on October 12, a son.

To the wife of Paul C. Jaeger, 221 Peoria street, on October 12, a son.

To the wife of Ralph P. Loften, 136 Werner street, on October 10, a daughter.

To the wife of Louis M. Amarotti, 42 Farallones street, on October 12, a daughter.

To the wife of Samuel G. Lewis, Colma, on October 17, a daughter.

NOLTE TO BE HONORED

Mayor Melford Battye announced yesterday that city councilmen were going to pass a resolution thanking Oliver Nolte, recently resigned member of the Civil Service Board of Review, for his excellent service as a board member. Nolte was the only remaining member of the original board which began September 28, 1945.

Veterans Advised On NSL Insurance

Many veterans who took out National Service Life Insurance some time ago, will find it advisable to reconsider the designation of beneficiaries of their policies, according to Floyd D. Granger, Veterans Service Officer.

Circumstances such as the death of a beneficiary, marriage, divorce, or birth of a child usually call for a change in the naming of a beneficiary, yet in many cases nothing has been done by the veteran to take care of this vital matter.

Granger also said that many veterans are not aware of changes in the laws pertaining to beneficiaries, which might affect their policies.

Restrictions on the naming of beneficiaries have been lifted, and now the veteran may designate any person or persons, firm, corporation, or other legal entity, including his estate, as the principal beneficiary or beneficiaries under his policy, either individually or as a trustee. Formerly, only close relatives could be named.

The insured also has the right to designate one or more secondary beneficiaries in order to provide for the payment of the proceeds of his policy in the event of the death of the principal beneficiary or beneficiaries. If a beneficiary has not been designated, the proceeds of the policy will be payable in one sum to his estate.

Full information and assistance in preparing the necessary forms to designate beneficiaries may be obtained at the Veterans Service Office, located in the County courthouse at Redwood City.

Local NDGW Drum Corps Performs

El Carmelo Parlor No. 181, Native Daughters of the Golden West, drum corps took part in the San Rafael Fiesta Day parade October 19.

Participants were Misses Nadine McDonnell, Doris Vernengo, Johanna Schwarz, Kathleen Day, Barbara Ford, Mary Thimes, Yvonne Hulme, and Mesdames Dorothy Linehan and Ellen Pieri. Majorette was Miss Verna Moresco.

Saving Soap

To save soap at the wash bench, lay soap on a big, stiff-bristled scrub brush, turned bristles-side up.

Court St. Mary To Have Bazaar

At a meeting held by Court St. Mary No. 1155, Catholic Daughters of America, aprons to be sold at the bazaar were modeled by members of the Court under the direction of Mrs. Helen Rode, chairman of sewing.

When Mrs. Christine Michelsen entered the social hall the wedding march was played because the month of October marks the celebration of her 50th wedding anniversary. The members sang songs for the occasion, and a bouquet was presented to her from the members of the court.

Plans have been set for dinner for the Court members which will be held on November 4. All those planning to attend will please place their reservations with Grand Regent Jeanette Lacchine, JUniper 4-2768, or Historian Frances I. Tamony, JUniper 5-8723.

Agnes Anderson entertained the sewing group on Wednesday, October 22, in her home at 6002 Mission street.

Members are asked to bring their knick-knacks to the next meeting, as the bazaar will be held on the evening of November 20 in Masonic hall, Daly City.

SAN MATEO J. C. NOTES

"Holliday," a comedy by Phillip Barry, has been selected as the term play to be given by the San Mateo Junior College November 20, 21, and 22. Miss Ada Beveridge will be director while Sam Rolph will be in charge of technical production.

Paul Speegle, San Francisco Chronicle columnist, entertained the junior college student body at the recent assembly.

Monday evening the Community Hall program, open to the general public at Baldwin campus, will feature slides and movies of Death Valley and the Mojave Desert area. Professor Jonte of the College of the Pacific will be the speaker. There is no admission charge for the program which starts at 7:30 p. m.

Preparing for its conference game with San Francisco jaysee this Saturday, San Mateo JC students will have a dinner rally this Thursday evening at the Coyote Point campus. Game time Saturday is set for 2 o'clock. Last Saturday evening the Mateans were beaten at Sacramento College, 13-6.

SKYWAY FOR POWER

New 4804 Foot Carquinez Crossing

It has already become a sightseer's attraction, our spectacular Carquinez Strait power line crossing.

Here on the hills above the bridge, men are pushing steel skyward for the 383 foot towers which will carry the transmission line cables. The six great cables will swing 4804.5 feet in an unbroken span across the Strait—a distance more than 600 feet greater than the span of the Golden Gate Bridge.

This new skyway for power is a connecting link in the 220,000-volt transmission line from Vaca-Dixon substation in Solano County to the new Moraga substation in Contra Costa County. The project is scheduled for completion in November, 1947.

The Carquinez Crossing is part of the all-out effort of the company to insure power output far ahead of future needs in this area. It is part of an expansion program which will add approximately 1,000,000 horsepower to the Company's generating capacity by the end of 1951, when the total will be more than 3,500,000 horsepower.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Fire Prevention Week Was Quite Successful

During National Fire Prevention Week an inspection of all schools was held and the reports will be turned over to the board of school trustees.

Each school had a fire drill. After the drill motion pictures were shown on fire prevention, during this time check lists were given to each child to have been taken home and filled out by the child's parents. The list asked about different fire hazards in the home, where the nearest fire alarm box is located and a number of other questions pertaining to fire prevention.

The check list was turned back to the teacher of each class who returned them to the Fire Department for study. The results have been outstanding and much better than were ever expected. It is interesting to see from the lists the number of fire hazards existing in the homes of Daly City.

Your fire department does not intend to allow these fire hazards to remain in your home. We are here to help you in your fire prevention problems, please call us.

Each check list that has been turned back to the fire department has been gone over by Chief Kennedy and his committee. The committee will either mail you a card with suggestions or will visit you and make recommendations in your interest.

It is our hope by doing this we of Daly City will have fewer fire calls than we have now.

* * *

Veteran Firemen's Picnic Huge Success

The veteran firemen's association of Daly City held their annual picnic last Sunday, October 19, at Flood Park in Redwood City.

Members with their families and friends left Daly City early Sunday morning so they would have a full day of relaxation and fun. The sun was out and it was warm at the park, but the ice cold beer furnished by the association was easily and readily consumed by all.

Athletic events took place during the day. Even the ladies had their competition in foot races and basketball distance throw. Mrs. Mary Larson of Daly City won first prize in the foot race; a pair of Nylons.

Company No. 4 won the men's baseball game prize; a case of beer.

Neither Company 1 nor Company 2 had enough men for a tug-of-war so they banded together to make a team and won the contest. Prize was a case of beer.

Boys' foot race for under six-year-olds was won by Tom Joyce jr.

The pie eating contest was won by Gary Larson.

The big event of the day was the horse shoe game. A perpetual trophy was at stake in this event so each member was eager to win the trophy for his company. Company No. 1 won the trophy for the first time.

The trophy is a fireman's axe, chrome plated, with a placard of bronze. It is a nice trophy to win.

Al Sundstrom took some movies of all the events, and everyone is anxious to see the pictures.

The most outstanding person at the picnic was the LONE RANGER, better known to his comrades as Larry or Commissioner Shaw. Larry arrived at the picnic in a ten-gallon hat, the only thing missing was the horse, but Larry thought he needed the cowboy rig to play horseshoes. (It may be said that Larry does play a good game, with or without the hat.)

Members of the association were pleased to see an old comrade and his wife at the picnic, Mr. and Mrs. Jack Albonski of Hayward. Mr. and Mrs. Albonski lived in Daly City for many years. Jack was a member of Company No. 4 and later joined the veteran firemen's association.

Another friend of the association and a person known to almost everyone in Daly City attended the picnic, not to enjoy himself but to help everyone else enjoy himself. He is none other than Mr. George Wheeler of Daly City. George brought with him the public address system that was used to announce the games and other interests of the picnic. May we say thanks for your part in making this picnic the success it was.

A fine time was had by all who attended and it is hoped more will be able to attend next year.

* * *

Here is the seventh installment of the check list provided by the Daly City Fire Department to insure you of a safe home, a home safe from the fire menace.

37. Use tightly covered metal containers for paint or oil rags.

38. Do not hang clothing or anything else near heating plant or over electric wires.

39. Door at head of cellar stairs should be of substantial construction, fit tightly and be kept closed.

40. Do not use open lights, candles or matches in hunting gas leaks. Telephone your gas company. Don't use a blow torch on gas or water pipes. Thaw frozen pipes with warm water, or call a plumber.

41. Do not use improper fuses. Overloaded circuits permitted by improper fuses or dangerous substitutes are hazardous.

* * *

Eliminate All Fire Hazards In Your Home Today

Warnings Issued On Rabid Dogs

All residents of San Mateo county were urged today to cooperate fully with health authorities in enforcing the county-wide rabies quarantine, as a third Brisbane dog was proved rabid last week and four people bitten by the animals were taking Pasteur treatment.

The quarantine was imposed September 23 by Dr. Charles G. Gans, county health director, when a "mad dog" captured in Brisbane was found to be infected with the rabies virus. According to Dr. Wilton L. Halverson, state director of public health, concrete protective measures can and should be taken by the public to help their health departments combat further spread of the disease. These precautions were listed as follows:

1. If a dog bites you, tell your physician or local health department immediately. If possible, wash the wound with 20 per cent emulsion of green soap even before undergoing professional treatment. No ordinary dog bite causes rabies, but when the disease is known to have occurred recently in any community it is best to play safe. An untreated case of rabies ends in certain death.

2. Until quarantine is lifted, don't let your own dog loose. Keep him on a leash, fenced in or tied. There is no need to muzzle him.

3. Learn the symptoms of animal rabies — difficulty in swallowing, aversion to food or drinking water, snapping, foaming at the mouth, undue excitability or depression. If your pet shows possible symptoms, take him to your local veterinarian. If a strange dog shows them, identify him to local health authorities. They will not kill him, but must put him under observation for 10 to 14 days to find out whether he has the disease. If the dog is not infected he will be released. If infected, he will certainly die in acute pain unless mercifully destroyed, but no dog should be killed by anyone on mere suspicion.

4. Have your dog inoculated with anti-rabies vaccine.

JUNIOR RED CROSS REG. CONFERENCE TO BE HELD

A junior Red Cross regional conference will be held on October 25 at Washington High school, San Jose. The San Mateo county chapter will be represented by approximately one hundred students as representatives from schools in all the Peninsula cities, including the Jefferson School district, South San Francisco and the coastside. Adult leaders, including teacher sponsors and Committee members also will attend from each district.

The conference is being held to give delegates an opportunity to exchange ideas on organization and program plans for a well-rounded Junior Red Cross program in the schools for the coming year. Members of Junior Red Cross have great responsibilities for the coming year both at home and abroad and their teamwork and enthusiasm accomplishes worthwhile results.

Waste Food

Rats in the United States annually destroy as much food as can be produced by 200,000 farmers. On the average farm each rat costs the owner around $2 a year.

Daly City Ball Club Scores Again

Daly City Ball Club scored another win last week. This time over Guadalupe Parlor. That makes it a straight win in the AA Winter League.

Lefty Hazel allowed only five scattered hits. Our boys collected 10. Sylvestri, Sick, Lucia and Garner were instrumental in leading the team to victory with their timely hitting.

On Sunday the home team plays the Aphians at 2:15 in Marchbank park. Last week the turnout for the game was very good. Let's keep it up and let them know we appreciate good baseball.

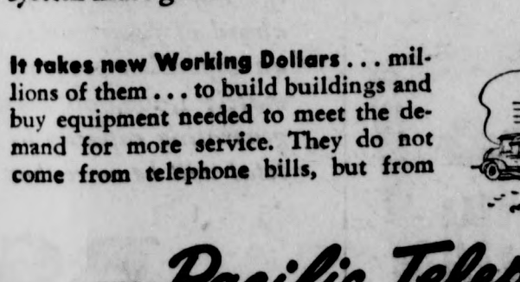
ROBIN HOOD CIRCLE PARTY A SUCCESS

Robin Hood Circle No. 58, C. of F. of A., held a Hallowe'en party in their meeting hall, Polk and Turk streets, last Friday. Several visiting members from different Circles of the Order were present, among them Past Grand Chief Companion Blanche Foppiano and Grand Right Guide Bernice Sellers. After the business of the evening, games were played and prizes distributed, and, later, refreshments were served. The tables and room were decorated in Hallowe'en colors with paper skeletons and black cats.

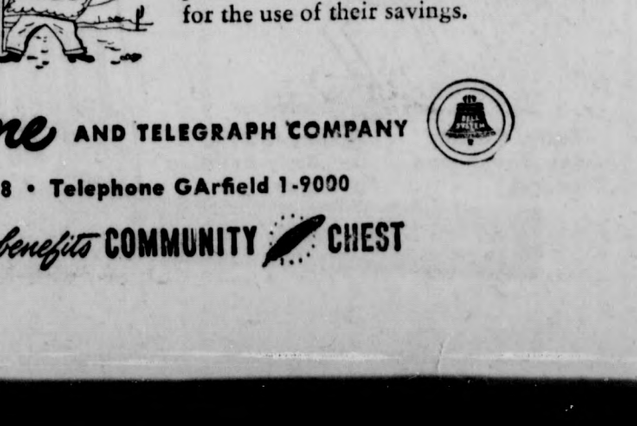
Chairman of the evening was Dorothy Lambertson, assisted by Clelia Forni.

Edna Wood, chief companion of Robin Hood Circle No. 58, was initiated into the Past Companions Club of Robin Hood Circle at their last regular meeting, which was held in the home of Ida Craig.

How desert winds help speed your voice across country



Above the desert floor we sometimes use wind-driven generators to supply power for long distance amplifying stations miles away from electric lines. When the wind dies, gasoline motors take over to charge the batteries at these repeater stations that give a "boost" to your voice as it journeys with the speed of light across the country.



"Here is your party" is the phrase our long distance operators are using more often these days. For calls East are going through faster now. To give complete service to the many new telephones we're adding, we must build more "speech highways"—all parts of the telephone system must grow.

Once again, we want you to use our long distance facilities when you wish . . . as often as you wish. At some switchboards during busiest hours, there may still be a delay. But we're doing many things to make long distance service . . . and all telephone service . . . better than ever before.

It takes new Working Dollars . . . millions of them . . . to build buildings and buy equipment needed to meet the demand for more service. They do not come from telephone bills, but from

people who put their savings into the business. And to get new working dollars we must sell our services at fair prices which allow us to pay reasonably for the use of their savings.

HOME FRUIT GROWING BOOKLET NOW AVAILABLE

For homeowners or non-commercial fruit growers, Circular 117, Home Fruit Growing in California, lists 39 fruits, berries, and nuts, tells where they may be grown in northern, central, or southern California, and gives full information on how to grow and care for them. It is not intended for commercial growers.

Climate, site, and soil are the three limiting conditions for home or one-acre orchardists, the circular shows. The 84-page handbook also includes discussions of what to plant, selection of trees, spacing them, how to plant, use of fertilizer, irrigation and cultivation, pruning, top grafting, and spraying for standard fruit trees. An 8-page section tells how to train a dwarf fruit tree, with a few words on the difficulties involved.

Especially helpful is a list of 39 fruits, berries, and nuts, showing which varieties are best suited for various parts of California. There are directions for several spray mixtures, and 39 pictures.

Written originally by W. L. Howard, professor of pomology now retired, Circular 117 was revised by Reid M. Brooks, assistant professor of pomology at Davis. Fifty thousand copies have been printed. A free copy can be obtained from any Farm Advisor, or from the College of Agriculture, Berkeley 4.

Everybody Benefits

When a community has services for folks in distress . . . and healthy fun for all its kids, it's a better place for all of us to live in. Pledge to help Community Chest services work all year for everybody, including you.

Oil Dilution

Dilution of crankcase oil in your car may be caused by defective spark plugs or other ignition parts which are not operating efficiently, warns the California State Automobile Association. Faulty ignition allows unburned fuel to wash down the cylinder walls and enter the crankcase.

WE KEPT OUR PROMISE

A few weeks ago we promised when our new equipment was installed you would receive the Finest Complete Cleaning service obtainable.

Starting Monday, November 3, we will feature a De Luxe 4-day cleaning. Also the same De Luxe cleaning in ONE DAY when necessary.

COMPARE OUR 10 POINT SERVICE

1. *All ladies' garments hand pressed.*
2. *All ladies' coat linings hand pressed.*
3. *Fancy buttons removed from garments before cleaning, sewn on at the time of final inspection.*
4. *All ladies' blouses sprayed at the time of finishing, insuring that NEW look.*
5. *Sport shirts hand finished.*
6. *.One price. One DeLuxe service for all.*
7. *Prices starting at $1.35.*
8. *Minor repairs and buttons replaced free.*
9. *Personalized service, you get what you want the day and hour you want it.*
10. *Modern facilities, competent operators, a complete service.*

MORE OF THE NEW TRAFFIC LAWS

It is now unlawful for any person to stand in the roadway to solicit a ride from the driver of a vehicle. This, however, does not prohibit hitchhikers from standing on the road shoulder or the curbing.

* * *

A tank truck must be carrying more than 100 gallons of inflammable liquids before it is required to stop at a railway grade crossing like a passenger bus, school bus or truck carrying explosives. Under the old law, all trucks carrying inflammable liquids in any quantity were required to stop.

* * *

Don't fail to stop at a railroad grade crossing that has been signposted to that effect. The 1947 Legislature added grade crossings where local authorities have placed stop signs to locations where the driver must halt his vehicle. The new law tied in with another which permitted local authorities to enact ordinances authorizing such signs after approval is obtained from the Public Utilities Commission.

* * *

If you are towing a trailer or vehicle so constructed or loaded that your view rearward from the driver's seat is obstructed, don't fail to equip your towing vehicle with a mirror. It must be located to give you a view of at least 200 feet to the rear.

* * *

Be sure to have your vehicle equipped with a windshield if you want to avoid a run-in with the law. Under an act passed by the 1947 Legislature, every passenger type vehicle, other than a motorcycle, must have a windshield. The requirement under the old law that motor trucks, truck tractors and fire apparatus have windshields also was continued.

* * *

It's the law that you must indicate by the correct arm signal for a right or left turn before you move from one traffic lane to another. Before you make the move be sure it is safe to do so.

* * *

Don't make a left hand turn across a roadway in a residence district when any other vehicle is approaching from either direction within 200 feet, except at an intersection. The old prohibition against making a U turn in a residence district under the same conditions also was continued under the new law.

Tire Wear

Uneven tire wear or cupping of the tread often results from underinflation of the tire or over-loading of the car, according to the California State Automobile Association, which advises that tire pressure be checked at least once each week.

Light Ray

A light ray can penetrate water 580 feet, University of California scientists determined in wartime research for the navy.

Save any day of the week

All prices are always low at SAFEWAY

Consider the convenience of shopping any day of the week and still getting the lowest prices. You can at Safeway. You see, Safeway's prices are low every day on every item. A simple comparison will prove this for you. Take the prices listed below, for example. They have been taken at random from the hundreds of values on our shelves. They are typical examples of the way we price everything. Compare them item for item with what others are asking. Then compare the total. See the kind of savings you may expect at Safeway, no matter what days of the week you do your shopping.

Bush Beans
In most parts of the country a succession of plantings of bush snap beans at about three-week intervals can be made to keep a fresh supply coming all through the summer until frost.

NOTES FOR SPORTSMEN

Anticipating a day when the state will have more and better wildfowl management areas, the California Division of Fish and Game has drafted regulations governing the use of these grounds.

The new regulations provides a fee of $5 for shooting from a blind in an improved wildfowl management area, the money to be used for maintaining the project. A fee of $1 will be charged for shooting in an improved area without blinds, and no fee will be charged for shooting in unimproved waterfowl management areas.

The only blinds available this season, according to the Bureau of Game Conservation, are on the State Wildfowl Management area in Imperial Valley, southeast of Calipatria, where accommodations for 32 hunters have been completed. Many ponds without blinds will also be available to hunters on this project.

No blinds will be available this season on the Honey Lake or Tule Lake Reservoir and Madelaine Plains wildfowl areas.

Duly licensed hunters are eligible for permits to hunt — they must register at checking stations on the day previous to the shoot. No permits will be issued in advance, or in excess to the capacity of the various wildfowl management areas. Permits will be issued in the order of registration and blinds, where furnished, will be assigned by drawing at the time of registration. Shooters will use the grounds at their own risk and will be entitled to only one shoot per season. Hunters less than 21 years old cannot get a permit unless they are accompanied by an adult.

The shooting days will be: Opening and closing dates Holidays, Wednesdays, Saturdays and Sundays.

Game refuges closed this year by legislative action or by order of the Fish and Game Commission, fell into one or more of nine undesirable classifications, according to a report received by Emil J. N. Ott jr., executive director, California Division of Fish and Game, from the Bureau of Game Conservation.

The nine undesirable classifications were listed as follows: Refuges that had outlived their usefulness; refuges wrongly placed under present conditions; refuges with unenforceable boundaries; refuges encompassing mostly doe pasture; refuges primarily on winter range; over-populated refuges; refuges grown up to non-forage producing jungle or over-burdened with deer and livestock; refuges for the protection of humans; and refuges for the protection of domestic livestock.

By opening the refuges, additional hunting territory was made available without unduly jeopardizing the deer herds in the respective areas, the report said.

A digest regarding refuges opened in 1946 and 1947 follows:

Refuge 1-A, Siskiyou county, plenty of deer, part of refuge already over-used, has outlived usefulness.

Refuge 1-T, Humboldt county. Previously logged over and now grown to brush almost too thick for deer to penetrate.

Refuge 1-N, Modoc and Siskiyou counties. A criss- cross of old logging roads through refuge makes it impossible to patrol.

Refuge 1-S, Lassen county. Overgrazed by deer, antelope, sheep and cattle. Constitutes a heavily poached doe and fawn pasture during most of hunting season. Improperly situated.

Refuge 1-V, Plumas county. An over-grazed area which has been a deer winter range problem for many years. Heavy deer losses occurred here in the winter from 1936 to 1940.

Refuge 1-Q, Lassen county. Too big, embracing a district 27 miles long and 15 miles wide. Originally intended as antelope and sage hen refuge. Upper portion remains a refuge.

Refuge 1-I, Placer county. Ample summer range in eastern portion and extremely limited winter range. Over-populated since 1939. Heavy losses certain in event of a severe winter.

Refuge 1-O, Eldorado county. Problem area for 20 years. Heavy losses in winters from 1936 to 1940.

Refuge 1-R, Tuolumne county. Has outlived usefulness.

Refuge 3-C, Santa Barbara county. Has grown up to a non-forage producing biological desert.

Refuge 3-H, Santa Barbar county. Same condition.

Refuge 3-D, Ventura - Santa Barbara counties. Over-populated, heavy brush area.

Refuge 4-C, Riverside - San Diego counties. Heavily populated practically surrounded by private lands, complaints of deer damage numerous. Has outlived usefulness.

Refuge 4-G, Riverside county. Unenforceable boundaries, over-populated, has outlived usefulness.

Huntington Lake, greater part of refuge is doe pasture, over-populated.

Negotiations are practically completed for the removal of the Division of Fish and Game offices from the old city hall in Fresno, to new quarters at 1842 McKinley avenue, Fresno, it was announced at Fish and Game offices in Sacramento.

The new quarters will provide office space, storage space and a laboratory for representatives of the Bureau of License, Bureau of Patrol and the Bureau of Fish Conservation, who are stationed in Fresno. A consolidated Division of Fish and Game office at Fresno has been under consideration for some time, it is reported, but quarters occupied by the division in the old city hall were not adequate.

In addition to personnel already quartered in Fresno, the assignment of an assistant chief, Bureau of Patrol, and an assistant supervisor of Fish Hatcheries to the Fresno office will be made soon, it

Another addition to "California's Navy" has had its test runs and is now being outfitted. This new vessel, "The Skipjack," designed for off-shore patrol work of the Division of Fish and Game, is the first of a new design and will provide some of the additional protection needed with the heavy commercial fishing now at hand. This new cruiser is 26 feet 2½ inches in length, with an 8 foot 10 inch beam, and draws 2 feet of water. Powered with twin Chrysler motors, it is expected to develop sufficient speed to overhaul nearly all ordinary fishing craft. Quarters are provided for a two-man crew, with stainless-steel galley, toilet, and radio equipment. Nine more of this type boat are requested by the Bureau of Patrol.

News Column For The Vets

More than 76,000 World War II veterans in California, Arizona, Nevada and Hawaii have reinstated lapsed National Service Insurance policies valued at more than $520,000,000 during the past eight months under liberal provisions still in effect, according to the Veterans Administration.

During the same period more than 900,000 World War II veterans throughout the country took advantage of the liberal reinstatement privilege and picked up policies valued at more than five and a half billion dollars.

Holders of lapsed NSLI term policies who have not yet reinstated have only a little more than two months in which to do so under the liberal reinstatement plan.

Until midnight December 31, 1947, such veterans need only fill out a three question application form and pay two monthly premiums — one for the 31-day grace period during which the insurance was continued without payment, and the other for the current month.

Beginning next January 1, veterans with policies which have been lapsed more than three months will be required to take a physical examination and qualify as insurable risks.

Term policies issued prior to January 1, 1946, may be continued on that basis up to eight years from date of issuance. For policies taken out after that date the term period is five years.

Term plans available at any time before expiration of the term. They are: ordinary life, 20-payment life, 30-payment life, 20-year endowment, endowment at age 60 and endowment at age 65.

Question: May I change the beneficiary of my insurance policy by a last will or testament?

Answer: No. A change of beneficiary for your insurance policy must be made by written notice to the Veterans Administration over your signature and it shall not be binding on VA unless received and endorsed on the policy by VA.

Question: My son has renounced disability payments and I would like to know if he or his wife will lose their rights to other benefits provided by law?

Answer: No. Neither your son nor his dependents will lose their rights to other benefits provided for them by law.

Question: If I accept the compensation check VA has sent me, does that mean I am satisfied with the rating given me?

Answer: No. The acceptance of the check does not waive any rights you may have in claiming greater compensation or pension than that which has been awarded you.

Martin
OUTBOARD MOTOR

Time flies and Christmas will soon be here . . . especially for those who want to make the holiday a memorable one for the outdoor sportsman. Whether it's husband, father, son, brother, uncle, or sweetheart, he'll look on this Christmas as the biggest one of his life if you give him a MARTIN OUTBOARD MOTOR. Right now is the time to arrange guaranteed Christmas delivery of this fine motor . . . the new standard of performance in outboard motors. Now, too, is the time to arrange for easy payments so that this most-wanted gift can be entirely paid for when the big day for giving rolls around.

Shown here is the MARTIN '60' Alternate Firing Twin. Weighing only 43 pounds, it develops 7.2 brake H. P. at 4000 R. P. M.

An addition to the MARTIN line is the new MARTIN '40' which weighs only 35 pounds, and which develops 4½ H. P. at 4000 R. P. M. Another great alternate firing twin!

These features and many others make a Martin MOTOR the most-wanted gift for any sportsman

● Mechanically-controlled poppet valves, an exclusive MARTIN patent in two-cycle motors insuring uniform fuel distribution. This means instant starting, unbelievably slow cruising, instant and uninterrupted acceleration, surprising quietness in operation, and exhilarating top speed.

● New Martin Vertical Stern Adjustment (Patent pending)—Enables operator to attain correct vertical adjustment while underway.

● Power-head swivel, 360° (Patented)—Lower unit can swing into boat, permitting easy inspection.

● New Streamlined, Leak-proof Filler Cap—Combines vent and spare shear pin clip. Replaces old style screw-on type.

- Alternate firing
- Propeller clutch
- Steering stabilizer
- Full reverse steering
- Easy grip stern bracket handles
- Depend-a-pull starter
- Long-life sintered bronze rust-proof bearings
- Positive rotor water pump
- Synchronized and centralized controls
- Resiliently mounted handles and power head
- Quiet underwater exhaust
- Positive oil and grease seals
